“One sees clearly only with the heart. Anything essential is invisible to the eyes.”

~ Antoine de Saint Exupery, *Little Prince*

True relatedness has a sacred dimension. It is an I-Thou, soul to soul, heart connection between individuals, as it is between us and Divinity (the Self in Jungian psychology).

Liminal Like the Moon and Artemis, Archetype and NASA Project

Upcoming events: Third Act Online Summit, Eugene, OR Lecture & Workshop

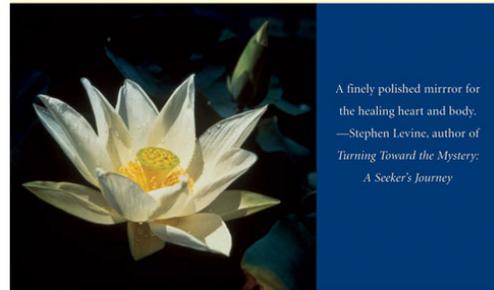

Dear Ones:

I have been working on a my new book, *Liminal Like the Moon* and thinking like a mystic. Liminal comes from the Latin word limen for threshold. Threshold experiences have several meanings, it’s the in-between—before we make the jump, the commitment, and step through the doorway and can’t go back in time to do it differently.

How we respond to unchosen circumstance shapes soul and character, sometimes determines whether we live or die. The important questions from a mystical-or meaning, soul standpoint assumes we are spiritual beings on a human path, the premise that underlies *Close to the Bone: Life-Threatening Illness as a Soul Journey*.

As long as we are still here, we can learn, make a difference at a soul level and in our world. In 2019, I’ve had a cluster of people in my life for whom, living longer or leaving for the other side is the question. I recommend Kelly A. Turner’s

RADICAL

Radical Remission: Surviving Cancer Against All Odds (book is based on research) when this is the question. We will all die, but is this right timing? Did we do what we came to do or be, and is this graduation or is it a liminal threshold? What next?

My in-this-world activism continues to promote **5WCW- India 2022**, believing as I do that it will be archetypal Artemis women with egalitarian men, who can avert the disaster to the planet and humanity created by patriarchy. *Artemis: The Indomitable Spirit in Everywoman* is particularly relevant now, with the 2020 elections coming up. *Artemis* was my last book, (2014) which like *Goddesses in Everywoman* (1984) came out before its time.

The Artemis Project

NASA announced the goal of landing “the first woman and the next man” on the lunar south pole region by 2024. "Artemis, named after the twin sister of Apollo who is also the Goddess of the Moon and the hunt, encompasses all of our efforts to return humans to the Moon – which will prepare us and propel us on to Mars. Through the Artemis program, we will see the first woman and the next man walk on the surface of the Moon. As the “torch bringer,” literally and figuratively, Artemis will light our way to Mars. With this in mind, NASA is unveiling the new Artemis program identity, a bold look that embodies the determination of the men and women who will carry our missions forward. They will explore regions of the Moon never visited before, unlock mysteries of the Universe and test the technology that will extend the bounds of humanity farther into the Solar System.”

5WCW - India 2022—New Website Goes Live Today! 5WCW.org

I'm delighted to announce the launch of the new, spiffy-colorful and informative 5WCW website, designed by Carol Hansen Grey as an expression of her activism and support for 5WCW. We have been working toward bringing the women of the world together since 2001 when the site was 5WWC (women's world conference) and then once advocacy was directed at the UN General Assembly, it became 5WCW. On the home page, I welcome people to the site and tell of my conviction that such a conference will be in India, in 2022, organized by [WEF \(Women Economic Forum\)](https://www.weforum.org/) If you go to the ABOUT section, you'll see the 5WCW Timeline followed by "About WEF - 5WCW Mission Million 2022.

Women entrepreneurs and NGO leaders have qualities in common. It takes commitment, hard work, attention to funds and people to succeed at either. Women who work with women share the Artemis archetype of sisterhood and goal-focus. For WEF entrepreneurs, once their businesses are established, connection to NGOs will provide another level of meaning, especially when they meet

the founders of NGOs that help women and girls, many who are survivors themselves. When I began going to the UN after 2002 as a 5WCW advocate, I was appalled by what I learned is happening to girls and women, and inspired by what the NGOs were doing to help them. The problem is patriarchy and misogyny, the solution is women in numbers and influence who can bring about an egalitarian era. 5WCW Mission Million 2022 brings the WEF vision together with 5WCW advocacy.

My slender book *The Millionth Circle: How to Change Ourselves and The World* (1999) was the seed idea for women already active at the UN to come together with others through the behind the scenes activism of Elinore Detiger from Costa Rica and Iona, formerly from Holland. The result was the formation of "The Millionth Circle Initiative" or just plain "Millionth Circle" which brought me to the UN and led me to write: *Urgent Message From Mother: Gather the Women, Save the World* (2005) *Like a Tree: How Trees, Women, and Tree People Can Save the Planet* (2011) and *Moving Toward the Millionth Circle: Energizing the Global Women's Movement* (2013). *Gather the Women and The Solution is Women are ideas whose time is coming!*

Launch date: August 15, 2019: Full Moon in progressive Aquarius and the Sun in heart-centered Leo . . . the spotlight is on forwarding our personal (Leo) and collective (Aquarius) destinies. (Heather Threlfall)

Dying To Be Me TEDx Talk by Anita Moorjani, a featured speaker in the Thriving in Your Third Act Summit

Doctors had given Anita Moorjani just hours to live when she arrived at the hospital in a coma on the morning of February 2, 2006. Unable to move as a result of the cancer that had ravaged her body for almost four years, Anita entered another dimension, where she experienced great clarity and understanding of her life and purpose here on earth. She was given a choice of whether to return to life or not, and chose to return to life when she realized that "heaven" is a state and not a place. This subsequently resulted in a remarkable and complete recovery of her health. Anita's riveting talk will inspire you to transform your life by living more authentically, discovering your greatest passions, transcending your deepest fears, and living from a place of pure joy.
